English,

EXPERIENCE

Rewod Technologies

Port Harcourt, Nigeria— *FullStack Web Developer*

December 2022 - November 2023

- Integration of user-facing elements developed by front-end developers with server-side logic
- Writing reusable, testable, readable, and efficient code
- Design and implementation of low-latency, high-availability, and performant applications and APIs
- Implementation of security and data protection
- Integration of data storage solutions includes databases, API, MongoDB,
- Integration and unit testing developed code
- Integrated Financial Services like Stripe

Electronicsshop.com.ng

Port Harcourt, Nigeria — *Fullstack Web Developer*

August 2023 - October 2023

- Designed, developed, and maintained a robust e-commerce platform handling thousands of transactions daily, with a proficient team.
- Collaborated with cross-functional teams, including UI/UX designers and product managers, to implement user-friendly interfaces and enhance the overall customer experience.
- Implemented and optimized backend functionalities using Node.js and Express.js, ensuring high performance and scalability during peak traffic periods.
- Integrated secure payment gateways (e.g., PayPal) and implemented SSL encryption protocols, ensuring a secure transaction environment and boosting customer trust.
- Leveraged machine learning libraries and algorithms to create a sophisticated product recommendation engine.
- Utilized Redux for managing global application state, allowing for consistent data handling across components and ensuring data integrity throughout the application.

Starpro Version Affiliate Ltd

Port Harcourt, Nigeria — *Fullstack Web Developer*

November 2023 - PRESENT

- Collaborate with cross-functional teams including product managers, designers, and backend developers to define, and implement scalable software solutions.
- Develop, test, and deploy high-quality, maintainable code for both front and back applications.
- Design and develop robust microservices with node.js using industry best practices and architectural patterns.
- Build responsive and intuitive user interfaces using React and modern UI frameworks.
- Deployed and managed applications.
